Coleman Shamrocks Played Hard Game Against Calgary Girls

Despite Handicap of Two Players
Having "Flu" and Without Man-
ager, Overtime Was Required
to Decide Championship

The Shamrocks, contenders for the ladies hockey provincial championship against the Calgary Hobbies, returned to Coleman on Monday morning, after spending eight days at the Banff winter carnival. Though unsuccessful in lifting the trophy from the Calgary team, who have held it for the past few years, the Shamrocks gave them the hottest game they had ever experienced in defending their title, and sports writers for the Calgary Herald and the Albertan give great praise to the local team.

Mrs. Purvis, speaking for the Shamrocks, stated that they were certainly treated splendidly by the people of Banff and the visitors, and they were given enthusiastic support in their series of games against the Banff team and Calgary.

The girls were accompanied to Banff by Mr. Will Wright as manager, but he left following the game between Banff and the Shamrocks, consequently they were without a manager in the final game, which was rather unfortunate, as with the necessary coaching in the final periods of the game against Calgary, the girls might have been successful in bringing the championship to Coleman.

The Calgary Herald, reporting the game, states that the Hollies retain their title as champions of the Banff Winter Carnival ladies hockey series for another year, but they had to work for it in one of the hardest fought ladies' hockey games seen here. For three periods and two of overtime they played goalless hockey and it looked as if the game would have to be decided at a later date.

In the first five minutes of the third overtime period, Morton scored the first goal of the game on a pass from Malm, and in the last five minutes Malm added another one to Calgary's credit. For the three regular periods play was fast by both teams, Coleman having the edge on Calgary in combination work and decidedly so in checking.

In the overtime periods Coleman girls showed signs of hard fighting and at the time Calgary scored they were tiring fast. On the other hand Calgary players did not show the signs of fatigue so much as their opponents. Unfortunately two of the Coleman players, the goalie, M. McDonald and P. Purvis were not in fit condition to be in the game, both having contracted flu in the last few days. Miss McDonald took her regular position, but Mrs. Purvis did not go on the ice. The goaltending of both Coleman and Calgary goalies was remarkable, Coleman particularly being called upon time and time again to save difficult shots.

Goal Summary

First period—No goals; penalties, 1, Les.
Second period—No goals; penalties, 1, Les.
Third period—No goals; penalties, Morton.
First overtime period—No goals; no penalties.
Second overtime—No goals; penalties, Muir.
Third overtime—Goals, 1, Calgary, Morton from Malm; 2, Calgary, Malm.

Blairmore Won Pontiac Cup

The play off of the bonspiel game for the Pontiac Cup, postponed two weeks ago owing to mild weather, was played on Monday at the Crystal rink between Harry Boulton's rink and Wilson's rink of Blairmore, the result being 9-8 for the visitors. Playing on Boulton's rink were W. Antel, J. S. D'Appollonia, and Ed. Ledieu. The ice was in good condition and a very enjoyable game was played.

Chairman Johnson Is Re-Elected to Board

Heads Poll With 141 Votes—Herbert Snowdon Polled 119 and Robert Evans 62

Over a thousand entitled to vote, less than 20 per cent. visited the polling booth on Monday to record their votes for school trustees, the total being 170, of whom 30 were women. The result was given by Returning Officer Ford was T. Johnson 141, H. Snowdon 119, Robert Evans 62.

Mr. Johnson was around during the day carrying on a mild campaign for votes, and that he tops the polls is no doubt due to his past record as chairman and his interest in the work of the board. Mr. Snowdon was also active and saw that as many of his supporters as possible visited the polls, as leaving one's election to chance is liable to spell defeat. This is his first bid for public office of any kind, as also for Mr. Evans. The latter, however, did not conduct an active campaign, leaving it to the electors to visit the polls.

Most of the vote were polled late in the afternoon. There was no issue for the candidates to make an appeal on, consequently a large number of people never troubled to record their votes. The first meeting of the new board to appoint standing committees for the year will be held within the next ten days.

Court Case Follows Wedding Melee

Convicted of unlawfully wounding Steve Hudz, Thomas Bielew was fined \$100 with costs. The assault took place at a wedding party at East Coleman. Defendant, while pleading guilty, contended that the wounds received by Hudz were caused by his falling into a barbed wire fence.

How to Save Money

Coleman stores advertise specials that will prove profitable to thrifty buyers. Study them each week, make out your list before you go down town to shop, and you will find that by following the suggestions given in these weekly ads, a considerable sum may be saved throughout the year.

St. Alban's, Coleman

Service Sunday, Feb. 19, Evening, 7 p.m. Ash Wednesday, Feb. 22, Holy Communion 10:30 a.m. Choir practice Friday, Feb. 17, 7 p.m.

Lineup

Calgary—Mrs. Hannay; W. Elder and Robertson; Lee, Morton, Blight, Duncan, Malm and John Stone.

Coleman—M. McDonald; Chalmer and Hadfield; Muir, P. Fraser, Johnson, Bell, Purvis and Phemia Fraser.

Referee—J. Woodworth.

Probable That Hollies Will Play Here

People Would Like to See Shamrocks in Action Against Provincial Champions

Since the return of the Shamrocks from the Banff carnival quite a number of people have expressed the wish that they could see the Hollies and the local girls play a game here, especially after reading of their prowess in the carnival games last week, when they came within an ace of lifting the championship.

Several business men have offered to guarantee the expenses of bringing them down, and after the record of the girls against Banff and Calgary, there is no doubt that the match would prove a strong drawing card. It is probable that arrangements may be completed within the next day or two and a definite announcement will be made.

Coleman Trading Co. Improving Store

Dispose of Hardware Stock and Devote Space to Grocery Department

With a view to improving their store service, the Coleman Trading Co. has made extensive alterations in the interior of their store, which will add considerably to the general appearance and give a tone of newness to this well-known establishment.

The hardware stock which in the past was one of the store departments, has been disposed of to Trites Wood Co. at Fernie, and the space formerly occupied remodelled and stocked with a fine line of groceries, which are now well to the front of the store and facing the main floor.

The office will be placed on the main floor and will give a view to all parts of the store, having glass panels. The new arrangements will doubtless facilitate the handling of customers' orders, and in addition will be an added attraction from a shopping viewpoint. The Coleman Trading Co. is one of the oldest established business places in the Pass, and is well known in the neighboring towns.

Houbregs Starred for Blairmore

In Fast Game Edmonton Boys Were Defeated Last Evening—Score 5-2

In the semi-finals between Blairmore and Edmonton Juniors, Blairmore won last evening on their home ice by a score of 5-2. A second game will be played at Blairmore on Friday night. The result will decide which team will play in the finals for the provincial championship against the Calgary junior team. In last night's game Houbregs was the star player, scoring three goals unassisted, making one spectacular drive from below centre ice clean into the Edmonton net. Blairmore's goal tender, Kemp, also played a fine game, saving many dangerous shots. Between five and six hundred people paid admission. Coleman being represented by quite a contingent of hockey fans.

Announcement

The Pythian Sisters will hold a poetry sale on Sat., Feb. 18, from 3 to 6 p.m. Candy, home cooking, etc. will be on sale, and afternoon tea will be served. Whist drive and dance at night. 50c admission. Good music, everybody welcome.

Says Shamrocks Did Not Receive Due Credit

The Editor, Coleman Journal.

Dear Sir:—On reading the report in the Calgary Herald on the game between Coleman Shamrocks and Calgary Hobbies, I think that the Coleman team do not receive the share of credit due them, and I would like for the benefit of your readers to have you publish the enclosed account of the game or as much as you have space for. Thanking you in anticipation, I am, sincerely yours,

INTERESTED SPECTATOR.
(Note: As this report did not reach The Journal till this morning, it is held over till next week.)

Fine Tribute to Memory of Haig

Rev. H. D. Bevan Delivered Obituary Address at Memorial Service to Late Commander

Stressing not his military prowess, but his intensely human qualities, and his regard for the humblest of the soldiers serving during the war and later in peacetime, the Rev. H. D. Bevan paid fitting tribute to the late Field Marshal Earl Haig at the memorial service on Sunday in the Palace theatre, held under the auspices of the Coleman branch of the Canadian Legion.

At the outset he stated he was at a loss when it came to eulogizing a man such as the late commander, and there would be divided opinions as to his military prowess, but he would always be remembered by grateful country as the man who stepped onto the breach at a critical period, and went quietly about the business of directing the vast organization in the field as commander-in-chief. As an instance of his sublime faith in a Divine Being, his personal chaplain one Sunday morning, when things on the western front were looking black for the Allies, remarked on the difficulties he must be pondering over, and he replied that "the battle was the Lord's."

One of the tragic things of his life was that while still a man whom it was expected would live for a number of years to enjoy the pleasure of the home which a grateful nation had presented to him, was that he was cut off. Even though he might well have lived aside all cares following the war, he never ceased to lend his efforts for the well being of the men of the ranks, and the British Empire Service League, an organization to bind together all ex-service men of the Empire, would ever be a memorial to his memory. The Flanders poppy would take on added significance, for it was the late field marshal who was largely instrumental in it being symbolized as the badge of sacrifice.

The speaker referred to his simple tastes, and his lying in state at St. Columba's Presbyterian Church, London, where the dead commander had been an active member. Though his rank and record entitled him to lie with other great men of the Empire in the Abbey or St. Paul's, yet his own desire was to be buried in his own quiet countryside in Scotland.

(Continued on page five)

Coleman S.D. Election

LOUIS AN DERSTENBERG

I wish to tender my sincere thanks to the 141 Electors who recorded their votes for me on Monday, also to all others who in any way assisted in placing me at the head of the poll. I shall endeavor to serve all to the best of my ability, irrespective of party or creed.—Yours faithfully,

T. JOHNSON.

Tuxis Boys Were Hosts to Fathers

Enjoyable Get-Together Gathering
Gathering Held Last Thursday. Budding Orators Shine

It was a happy thought in the minds of those responsible for the "Father and Son" banquet to bring together the happy gathering last Thursday evening in the hall adjoining the United Church, when about thirty dads and their sons or adopted sons planted their feet under the tables and for a couple of hours heard of the activities of the Tuxis boys and what they stand for.

The first part of the program was a delightfully served menu from soup, real old fashioned meat pie, (undoubtedly made by the mothers) right through to apple pie and ice cream, served by the girls of the C.G.I.T., so that by the time the repeat was over, everybody was contented and happy, and in a receptive mood to hear what the boys had to say.

Principal Hoyle welcomed the fathers, outlining the principles of organization of the Tuxis groups, and expressing the hope that in the near future a similar organization such as this might be formed to bring the men of the town closer together, as was done by means of the service clubs, such as Rotary, Kiwanis and similar clubs in the cities and towns.

Following the toast to The King, Adam Wilson proposed "Our Dads," which was responded to by Mr. J. Emmergon, who congratulated the boys on their enterprise and felt that this was an excellent way in which to interest the older men in the activities of the boys.

"Our Boys" was proposed by Mr. Hayson and responded to by Hugh Dunlop, Jr., the latter expressing his pleasure at seeing such a fine representation of fathers.

It fell to Idris Hayson to propose that always interesting toast to "The Ladies," and he gallantly rose to the occasion in his polished manner and complimented them on their many excellent talents, especially for their demonstration in the fine spread they had provided.

Jan Pattinson, though called on completely by surprise to respond, after mildly reminding them for not giving her warning, stated that it was indeed a pleasure for them to help the boys, and they would be found quite ready to co-operate in future occasions of this nature. The girls were given three hearty cheers as they lined up, which were received with much blushing and subdued remarks to each other.

"The Church" was proposed by Dave Flynn, and responded to by the Rev. H. D. Bevan, who gave a very clear outline of the origin of the Tuxis movement in the soldiers' cause of the C.E.F. in England, and its subsequent development in Canada.

"The Tuxis" was proposed by Mr. J. M. Allan, who referred to the growth of the movement in other towns, and he was pleased to see that it now had a healthy growth in Coleman.

Leslie Emmergon, representative in the provincial Boys' Parliament, responded at some length, in an address partly serious and partly humorous, and after giving some details of the Tuxis program, asked that financial support be given to the Star campaign being put on throughout the province to raise money to carry on the organization and program throughout the year.

COMMONS DEBATE CLOSES WITHOUT A VOTE TAKEN

Ottawa.—After ten days of debate and without a division, the House of Commons adopted the address in reply to the speech from the Throne. The last day was a day of incidents and threatening storm although the hour came quietly.

Hon. C. A. Dunning, Minister of Railways, participated in the debate in the evening.

Scarcely had debate been resumed in the House, when Hon. C. A. Dunning, Minister of Railways, signified a statement made in the House as "absolutely false." There were loud Conservative protests.

Hon. R. B. Bennett, Opposition leader, demanded withdrawal.

"I think it would be better to act as an example to the House," gravely observed Speaker Lemieux; and the expression was withdrawn.

Thomas McMillan, (Liberal, South Huron), defended the financial record of the Government. The Liberal Government, during its period in office, had decreased the national debt by over \$100,000,000 and had turned the Canada's advancement in the national field during the last ten years had been little less than marvelous.

A. M. Young, (Liberal, Saskatchewan), believed the appointment of ministers to Tokyo and Paris would prove successful. These representatives would be equally as important as the Canadian minister at Washington.

"I am not particularly enamored with the Board of Railway Commissioners," commented Dr. Young, referring to the transportation of Alberta coal to Ontario. Despite legislation passed in 1925 for the removal of discriminatory freight rates, the board had dilly-dallied in the matter, two crops of grain to be moved without taking the necessary action to remove discrimination. He opposed any suggestion for the adoption of a statutory rate on coal, as it was the official finding of the railway board.

Canada was enjoying prosperity and there was less unemployment in the Dominion than we had had for some years.

"They are all gone to the United States," interjected Dr. McGibbon (Conservative, Muskoka).

"You are not thinking of going, too?" retorted Dr. Young, while the House showed its amusement.

"We find that when you come to social legislation in the interest of

the people of Canada you have to trust to the Liberal Party to get it," said Dr. Young after brief reference to old age pensions. Dr. Young advocated encouraging immigration from the British Isles, but said we should not discourage those immigrants from other countries who could be assimilated.

Atlantic Air Service

Regular Passenger and Mail Service To Be Instituted This Summer

Washington.—Regular trans-Atlantic mail and passenger service by dirigible airships will be instituted within three months with the co-operation and approval of the United States Government. Secretary Hoover said recently in announcing the conclusion of conferences with representatives of British interests who are responsible for the enterprise.

The dirigible R-10, now under construction in England, designed to carry 100 passengers and ten tons of mail, is to inaugurate the new air service, on a tentative schedule that will consume 48 hours on her westward voyages and 38 hours on the eastward return.

The United States Government will loan the R-10 the use of the naval air station mooring mast and equipment at Loughborough, N.J. Negotiations are now under way with the Post Office Department by which the air liner will be given a special mail contract.

Again President Of National Dairy Council

J. A. Caulder Unanimously Re-Elected By That Organization

Regina.—J. A. Caulder, retiring president of the National Dairy Council, was unanimously re-elected by that organization, when it held its first meeting of the year.

Mr. Caulder, in his address to the council, said he was best to select some eastern member to the presidency, as the important matters coming before the council this year, such as the revision of the Australian and New Zealand preferential tariff on butter, could be more efficiently handled by some one in close touch with the Ottawa headquarters of the council. He was, however, overruled by the other members.

Matter Under Consideration—Edmonton.—The offer of the Canadian National railways for the Alberta and Great Waterways line has been received by the provincial government and is under consideration by Premier Brownlee and his cabinet.

that far exceeded his anticipations. He was pleased to believe this was expressive of Canada's sentiments towards the United States.

"I think an event of surpassing importance to Canada, to the whole British Empire, and to the United States has occurred during my term of office as Secretary of State," said Mr. Kellogg. "The appointment of the first minister from the Dominion of Canada to the United States, and the appointment of the first United States minister to Canada. I feel this was a notable step between the British Empire and the United States—another link formed in our international relations making for more intimate acquaintance and facilitating the adjustment of the many questions arising between Canada and the United States."

Mr. Kellogg touched upon the gift of Canada to the American people of the memorial in Arlington cemetery, commemorating the sacrifice of American-born soldiers who served and gave their lives in the Canadian armies.

"There is in each country a strong fraternal feeling," said Mr. Kellogg. "You on your part of loyalty to your country and to your great Empire; we to our country. We are rivals in all those accomplishments which make great nations—in economic, scientific and educational developments; but it is rivalry without bitterness, a rivalry which tends to increase the development of both countries. You have not grown, and developed less because the United States has grown and developed with you. Rather, our efforts have supplemented each other."

Mr. Kellogg made reference to the long peace between Canada and the United States and declared that with tolerance and patience there was no question which could not and would not be adjusted. Experience, however, had shown that war in any part of the world could not fail to affect all nations.

"We are desirous of promoting peace. We should therefore lend our influence in every possible way, consistent with our sovereign rights and institutions to aid in the advancement of peace," he declared.

Memorial To Earl Haig

Premier Baldwin Has Suggested Erection of Public Monument London.—Premier Baldwin, in a glowing eulogy of the late Field Marshal Earl Haig, in the House of Commons, moved that the King be requested to order the erection of a public monument to the field marshal as an expression of the state's attitude.

Premier Baldwin's motion was carried after Ramsay MacDonald, Labor leader, who associated himself with Mr. Baldwin's tribute, moved an unsuccessful amendment to Premier's motion, whereby a committee should be appointed to consider the best form of memorial, in view of the field marshal's concern for the welfare of ex-service men, their widows and dependents.

Urge Harsh Measures

B.C. Council Of Women Recommend Lash For Drug Peddlars

Victoria.—Resolutions along social lines were adopted at the annual meeting of the Provincial Council of Women in session here.

One urged an amendment to the Opium and Drug Act of 1923, so that the offenders against the act might be punished with the lash. Copies of communications from the Hon. A. M. Menzies, British Columbia Attorney-General, were read in connection with the discussion. One of these letters to the Hon. Ernest Lapointe, Minister of Justice, recommended the lash for such cases and noted that "the problem is probably more acute in British Columbia and Quebec than in other provinces."

Too Busy For War

U.S. Occupied With Domestic Affairs Says J. A. Spender

London.—Citizens of the United States are too busy with their own domestic affairs to dread a war, J. A. Spender, former editor of the Westminster Gazette, declared in a statement concerning his recent trip to the United States. He said he thought that officially there was a certain chill in the relations between Great Britain and the United States because of the results of the recent Geneva naval conference, but that this official chill was not reflected by the people of the United States, who feel goodwill for Great Britain.

Commemorates Amery's Visit—Edmonton.—To commemorate the visit of the Rt. Hon. C. L. C. M. Amery, Secretary of State for the Dominions and Colonies, a mountain in Alberta having an elevation of 10,900 feet has been named "Mount Amery" by the geographers of Canada with the concurrence of the Province of Alberta. The mountain overlooks the junction of the Alexander River with the North Saskatchewan from a point just south of the Alexander.

Fire Destroys Historic Inn—Ottawa.—The old Robin Hood Tavern in Stratford Township, the Niagara District's oldest house of entertainment, has been totally destroyed by fire. Two huge brick fire places at either end of the building are now all that remain of the historic old inn, built 170 years ago.

Propose Central Bank—Ottawa.—G. C. U.F.A., MacLeod, has given notice of a resolution advocating that the government should consider the advisability of establishing a government central bank of rediscout and note issue in Canada."

Quebec Sports Big Attraction

Beginning end of December and running until the third week of March and featuring the Eastern International Dog-sled Derby, the Quebec City Winter sports is a magnet that brings the tourists from near and far. Illustration shows Governor A. Harry Moore, of New Jersey, and Mrs. Moore, taking a bolted sled down the Dufferin Terrace just outside the Chateau Frontenac where they stayed over the New Year's holiday with a distinguished party from that State.

WINS PRIZE FOR ESSAY

Prof. Archibald MacMechon, of Dalhousie University, Halifax, whose fine essay, "O Canada," was awarded first prize in a Canadian-wide contest conducted by the Women's Canadian Club, of Toronto.

Would Purchase Alaska—Matter Is Discussed By Members Of B.C. Legislature—Victoria.—The resolution of H. F. Kergin, Liberal, Altna, suggesting that negotiations be opened with the United States for the acquisition by Canada of the Alaska Panhandle, was discussed in the Legislature here. The resolution requests the Dominion Government to take up the matter in an effort to arrive at an amicable agreement between the two countries. Debate on the motion was adjourned.

The history of the acquisition of the Alaskan territory by the United States was reviewed, together with a climax of Canada for the territory along the mainland of British Columbia by Mr. Kergin, and by Ian Mackenzie, Liberal, Vancouver.

Mr. Mackenzie said that recently the League of Nations had been reasonable of the setting of many boundaries in Europe which differed materially from what they had been, that it was reasonable to suppose the question of the Alaskan Panhandle might be adjusted in the light of recent ideas as to equity among nations.

Canada, he said, could afford in fact, to pay for this stretch of land as much as the United States paid Russia for the whole of Alaska, if this was necessary.

Another Victim Of Canned Heat—Winnipeg.—Winnipeg's fifteenth victim of poison alcohol within the past six weeks has been reported. The latest victim was Robert B. Good, 55 years old, who succumbed to the effects of methyl hydrate poisoning. He was found lying in bed unconscious by roomers in the house at which he was staying. He died without regaining consciousness.

May Be Acquired By Manitoba—Ottawa.—If the province of Manitoba wants the Seven Sister Falls on the Winnipeg River, in Eastern Manitoba, it can have them, and in any event the province will get preference in this respect before any private interests, states Hon. Charles Stewart, Minister of the Interior.

Going To Geneva—Ottawa.—Senator Raoul Dandurand, government leader in the Senate, has sailed from New York to represent Canada at a meeting of the council of the League of Nations at Geneva.

Professor L. M. Winters, animal husbandry department of the University of Saskatchewan, was accorded a warm applause at the close of his informative paper on "Udder diseases and Care of Cows During the Dry Period."

Coincident with the producers' session a special session of manufacturers was held, addressed on technical subjects relating to butter production being given by internationally known experts.

Dr. E. G. Hood, chief of the dairy division of the Federal department of agriculture, gave an interesting paper on "Further Studies on Surface Taints and a Modified Score Card for Exhibition Butter."

Professor O. F. Hunsicker, Chicago, spoke on the subject of "Butter Manufacture from Sour Cream." He stated it was better to concentrate on keeping cream fresh than to find means of making good butter from sour cream. When cream was permitted to sour before it left the farm, he said, it invariably imparted a bad flavor to the butter and also had a detrimental effect on the cans containing it.

Producers and manufacturers came together again at a luncheon under the auspices of the Canadian Society of Technical Agriculturists. Miss Helen Campbell, Ottawa, of the dairy branch of the Federal Department of Agriculture, spoke of the educational work being done to increase the consumption of milk and its products in Canada. Consumption in Canada was high enough to ensure that to further effort and low enough to offer a challenge to increased effort, she said.

Protest Showing Of Edith Cavell Film

Might Exhibit Relations With England Says German Government

Berlin.—The German government is making protests against the showing of a motion picture built on the career and execution of the English nurse, Edith Cavell. The foreign office has issued this statement:

"The German ambassador at London and the German minister at Brussels are making all efforts to prevent the 'Nurse Cavell' film being shown to the public, their standpoint being that a film can only revive painful memories and embitter relations between the countries."

It was remarked that the film version of Edith Cavell's execution differs from the German official account. The official account contains nothing about a German officer having shot her to death with his revolver or about a German soldier in the firing squad having refused to obey the order to fire.

To Face Turkish Court—Brussels, Turkey.—Miss Edith Sanderson, of Berkeley, Cal., teacher in the school here which closed recently on completion by the authorities that it had broken Turkish law by conducting students, will be tried in a Turkish court February 13, on a charge of breaking the law forbidding religious propaganda. It is generally expected that Miss Sanderson will be fined and directed to leave the country.

Discontinue Secret Service—Victoria.—The secret service system operated by the liquor board has been discontinued, the public accounts committee of the legislature was told by Attorney-General Manson.

Western Dairy Convention Is A Big Success—Regina.—Reaching a high mark in attendance, the Western Canada dairy convention, proved one of the most successful and profitable gatherings held in the west for some time.

J. J. Cochrane, Kerrobert, conducted the producers' session of the convention when the importance of foodstuffs in milk production was discussed by the delegates. Varying opinions as to the value of corn as a fodder crop were expressed during the discussion. It was apparent that some expensive crop owing to the difficulty of getting it out during the farmers' busy season.

G. G. Perriss, North Battleford, gave an interesting address on "The Influence of Our Boys and Girls in the Dairy Industry."

W. J. Cowie, Moose Jaw, gave the producers some facts and figures that revealed the real progress in scientific production in the Moose Jaw district under the guidance of the Moose Jaw Herd Improvement Association.

Professor L. M. Winters, animal husbandry department of the University of Saskatchewan, was accorded a warm applause at the close of his informative paper on "Udder diseases and Care of Cows During the Dry Period."

Coincident with the producers' session a special session of manufacturers was held, addressed on technical subjects relating to butter production being given by internationally known experts.

Dr. E. G. Hood, chief of the dairy division of the Federal department of agriculture, gave an interesting paper on "Further Studies on Surface Taints and a Modified Score Card for Exhibition Butter."

Professor O. F. Hunsicker, Chicago, spoke on the subject of "Butter Manufacture from Sour Cream." He stated it was better to concentrate on keeping cream fresh than to find means of making good butter from sour cream. When cream was permitted to sour before it left the farm, he said, it invariably imparted a bad flavor to the butter and also had a detrimental effect on the cans containing it.

Producers and manufacturers came together again at a luncheon under the auspices of the Canadian Society of Technical Agriculturists. Miss Helen Campbell, Ottawa, of the dairy branch of the Federal Department of Agriculture, spoke of the educational work being done to increase the consumption of milk and its products in Canada. Consumption in Canada was high enough to ensure that to further effort and low enough to offer a challenge to increased effort, she said.

Propose Pension For Veterans—Ottawa.—Alfred Speakman, U.F.A., Red Deer, will propose in the House of Commons a resolution calling on the Government to consider the advisability of introducing this session such legislation as would provide for the payment of pensions to all former members of the Canadian expeditionary forces who are totally incapacitated, even when attributable to war service cannot be proven in such cases.

Canadian Is Appointed—Montreal.—Dr. Arthur T. Henderson, a teacher in the McGill Faculty of Medicine, has been appointed Harben lecturer, by the Royal Institute of Great Britain, for 1928, according to information received at McGill University. The lectures are delivered on scientific subjects by men outstanding for their distinction in research.

May Reject Offer—Edmonton.—That the Alberta Government is not favorably inclined toward the Canadian National-Canadian Pacific offer for the taking over of the northern provincial railways and intends to recommend to the Legislature against acceptance of the offer was the announcement made by Premier Brownlee in the House here.

Water, land and air are now used regularly for traffic between Detroit and Cleveland.

MAIN ESTIMATES ARE TABLED IN OTTAWA HOUSE

Ottawa.—The Minister of Finance tabled main estimates for 1928-29 to the House of Commons today. The total estimated at \$125,522,862, a decrease of \$3,196,790 as compared with the amount required for 1927-28. Redemption from surplus revenues, of maturing bonded debt amounting to \$35,568,650 and refunding at lower interest rates of additional debt, has reduced the requirements for interest.

Other decreases are: Legislation, \$28,863; Superannuation, \$85,100; Railways and Canals, income, \$217,897; Ocean and river service, \$88,475; Lighted aid and coast service, \$128,520; Mines and geological survey, \$35,010; Public printing and stationery, \$170,660; Soldier land settlement, \$280,000; Soldiers' civil re-establishment, \$107,500; Railways and canals, collection of revenue, \$25,947.

Miscellaneous items, \$1,516,497. Civil government salaries and contingencies are estimated at \$12,098,561—an increase of \$251,094.

The sum of \$7,247,500 is provided for agriculture, an increase of \$61,249, occasioned by larger requirements for dairying, fruit, seed, feed and fertilizer control, livestock, experimental farms, health of animals, administration of destructive insect and pest act, etc.

Provision for immigration and colonization services totals \$3,283,000, an increase of \$300,600, principally to cover larger expenditure in connection with the Empire settlement scheme.

Provision for pensions totals \$40,423,333, an increase of \$2,043,230. Included in this amount is \$39,000,000 for Great War pensions as compared with \$37,000,000 for the current year. The increase of \$2,000,000 is mainly for retroactive pension awards.

Earthquake Shock At Coast—Quebec Is Felt At Various Points On Vancouver Island

Victoria, B.C.—An earthquake shock was felt at various points on Vancouver Island early Thursday morning, Feb. 9, according to reports received at the government wireless station. Nanaimo, Port Renfrew, Alberni, Port Alberni, Bamfield and Pacheña felt the shock. It was most severe at Alberni and Port Alberni, where it was accompanied by a loud report followed by a rumble. Bamfield reported the same manifestations and the shock was felt on the Pacific cable board instrument at that point. Bamfield reported a light sea, which followed according to fishermen, by two large tidal waves. No damage was reported.

Propose Pension For Veterans—Ottawa.—Alfred Speakman, U.F.A., Red Deer, will propose in the House of Commons a resolution calling on the Government to consider the advisability of introducing this session such legislation as would provide for the payment of pensions to all former members of the Canadian expeditionary forces who are totally incapacitated, even when attributable to war service cannot be proven in such cases.

Canadian Is Appointed—Montreal.—Dr. Arthur T. Henderson, a teacher in the McGill Faculty of Medicine, has been appointed Harben lecturer, by the Royal Institute of Great Britain, for 1928, according to information received at McGill University. The lectures are delivered on scientific subjects by men outstanding for their distinction in research.

May Reject Offer—Edmonton.—That the Alberta Government is not favorably inclined toward the Canadian National-Canadian Pacific offer for the taking over of the northern provincial railways and intends to recommend to the Legislature against acceptance of the offer was the announcement made by Premier Brownlee in the House here.

Water, land and air are now used regularly for traffic between Detroit and Cleveland.

KELLOGG HAS A KIND MESSAGE FOR CANADIANS

Ottawa.—"With no Imperial designs, with no wish for the territory of any other country, with a common history, common hopes and aspirations, we have in the past and we will in the future adjust our difficulties by peaceful means. If we have mutual acquaintance with each other's institutions, respect each other's rights, tolerance and patience, there is no question which cannot and will not be adjusted between us."

In these words Hon. Frank R. Kellogg, Secretary of State for the United States, expressed to the Canadian people the feeling of Americans towards the people and other countries in a banquet here, tendered in his honor by the Prime Minister of Canada.

Right Hon. W. L. Mackenzie King, Proposing the toast to Mr. Kellogg, the Prime Minister expressed the appreciation of Canadians at the honor done this country when Hon. Mr. Phillips was selected as first minister to Canada.

"We felt at the time he came," said Mr. Mackenzie King, "knowing his career at Washington and abroad that we had every reason to extend to him a warm welcome. Now that he has been among us for some months, we feel we can extend to Americans generally the same welcome, due to the representation which Mr. Phillips has given us of the United States."

Replying to the toast, Mr. Kellogg declared President Coolidge had specially commissioned him to extend to the Government and the people of Canada his very best wishes and most sincere regards and also to express his thanks to the Canadian Governor-General and the Prime Minister. He expressed thanks for the reception accorded him, a "reception

The Amusement Tax

Considerable agitation has been made of late in Saskatchewan and Alberta for the abolition of the amusement tax on theatre tickets. Theatre owners are asking the public to support them in their efforts to have the tax removed, as they claim it is working a hardship not only on the theatres, but also on the patrons in that they are taxed out of proportion to the amount expended. On an admission ticket of 30c up to 50c a five cent tax is paid, and over 50c 7c tax is paid.

Mr. Andrew Dow, who operates the theatres here, states that though it must be recognised that taxes must be raised to pay governmental expenses, yet the amusement tax was put into force as a war measure, and locally the theatres absorbed the tax themselves, not making any additional charge to the public as has been the rule in most other cities and towns.

An appeal is to be made to theatre patrons to sign a petition to be presented during the present session of the legislature. The grounds on which the repeal of the tax is asked is that the bulk of the tax comes from the motion picture theatres, which are the poor man's theatres, so that of the \$200,898 collected by this tax during 1926 in Alberta, the most of it came from people who were unable to purchase the more expensive tickets for bigger shows.

A copy of the petition will be placed at the Palace theatre, so that the signatures of those favoring the repeal of the tax may be attached.

The Hazards of Mining

The disaster in the Hollinger mine this week at Timmins, Northern Ontario, recalls similar experiences in the mines of the Crow's Nest Pass, and again emphasizes the point that no matter how safe a mine may be considered, and how good its record, the element of danger always exists and must be constantly guarded against. For the first time in the history of a quartz mine, an explosion occurred which has taken toll of about forty lives. So immune from danger did the officials consider the workings, that there was not the necessary equipment on hand for rescue parties to try and save their comrades, and this had to be brought over a distance of 600 miles and even further, from Toronto and Pittsburgh, with the result that lives were lost which might have been saved.

The deadly fumes of carbon monoxide took hold of men so quickly that a party of four miners were found just as they had been sitting eating their lunches, with their baskets open, showing that they had been overcome almost instantly.

It has been stated that a royal commission will likely be appointed to enquire into the cause of the disaster, which recalls the fact that a royal commission appointed to enquire into the McGillivray disaster here, in spite of making a most searching enquiry, failed to throw any additional information as to how the explosion was caused. The mining industry will continue to exact its toll in human lives, and only by the most constant vigilance can the risks be minimized.

Looking Forward

The hockey teams of Bellevue and Hillcrest have kept those towns on the sporting pages of the provincial dailies during the season, and it is noticed this week that Blairmore Legion team qualifies against Edmonton for the semi-final in B division by defeating Bellevue Pirates. It is hoped that before next season rolls around sufficient interest will have been aroused in amateur hockey to organize teams in Coleman, as with the promising material among the Tuxis boys and the younger lads who played against the Shamrocks in practice matches, there is good reason to believe that this town can develop teams equally as good as the neighboring towns, and regain the reputation it held a few years ago as a good hockey town.

Speaking of taxes, it is reported that the Saskatchewan legislature will impose a tax of three cents per gallon on all gasoline sold.

You won't slip back as long as you have a fighting desire to overcome obstacles. Make it gratification to overcome difficulties.

Notes by the Way

The reason that success comes to the few is that the majority take the line of least resistance, and consequently belong to the vast army of the mediocres.

The best way to keep the business at home is to set a good example.

Coleman Shamrocks have helped to keep this town on the map during the hockey season, and even if they did not win the championship, they have been excellent publicity boosters. More power to the girls!

Judging by the small number at the memorial service to the late Field Marshal Haig, the war meant very little to a large number of Coleman people.

Civic pride and interest in community development is necessary for a town's progress. For too many a town is just a place to live in, like those who regard home as a place to go to when there is nowhere else to go.

'Tis on the younger generation that we build our hopes for the future, and judging by the fine group of boys who entertained their fathers last week at the Tuxis boys dinner, Coleman has some good material to stir things up.

Coleman Rinks at Blairmore

Blairmore's hospital opened yesterday, and those from Coleman taking part are as follows: S. Moore, (skip) W. Roughhead, J. Emmerson, J. McLeod, H. Boulton, (skip) J. Bell, J. Houghton, J. Lote, H. C. McBurney, (skip) W. L. Rippon, J. M. Allan, W. Antel.

Antrobus' Sell Good Shoes

Here and There

Winnipeg—The British boy immigration scheme has been adopted by the Manitoba Provincial Government, and about fifty lads will be brought here this year for placement on farms in the province. Hon. A. T. F. McLeod, Minister of Immigration, announced. First, the boys will be placed at the Manitoba Agricultural College for preliminary training in farm work.

Calgary—Two commercial airplane transport projects are being developed in Calgary. One calls for the use of airplanes carrying twelve persons each, to be used principally for passenger, freight and mail traffic between Calgary and Edmonton; the other calls for lighter machines, two or three passengers, for Calgary-Edmonton and mountain flight purposes.

All the way from Camrose, Alta., to Glasgow, Scotland, unaccompanied, a distance of approximately 2,000 miles is the record of Donald James Campbell, nine years of age. He took the All-Red route of the C.P.R. across the Dominion to Saint John, where he embarked on the liner Montclair bound for Glasgow. He is visiting his aunt, who lives in Busby, Glasgow.

All previous records in connection with the westbound movement of grain to Vancouver over Canadian Pacific Railway lines were broken during the first two weeks in January, according to E. Cottenier, superintendent of transportation, western lines of the company. Deliveries at Vancouver by the Canadian Pacific during the fortnight in question totalled approximately 22,600,000 bushels of grain.

Calgary—Farm land values in Southern Alberta are tending to become firm as the result of the series of good crops, and more inquiries for farm acreage have been received in the last few months, according to real estate men, than in any similar period in the past five or six years. Farms offered for sale last spring at \$10 per acre and bringing no offers are selling now for from \$20 to \$25 per acre. The demand for farms both for purchase and rental is decidedly strong.

In recognition of the fine work by officers of the Canadian Pacific Railway and the Canadian National during the last summer tour of the second triennial Empire Mining and Metallurgical Congress, presentations of gold and enamel cuff links were made recently, to fifteen employees of both companies, at a dinner held in Montreal. E. W. Beatty, president of the C.P.R., and Sir Henry Thornton of the C.N.R., were both present.

Concert on Saturday

A Slavish benefit concert will be held in the Ukrainian hall, East Coleman, on Saturday, Feb. 18, in aid of the welfare funds of the Slavish people. The program will consist of songs, instrumental music, etc., and starts at 7:30 p. m. During the season more concerts of a similar nature will be held.

Haig Memorial Service

(Continued from Page One)

A very significant indication of his regard for others was that he had stated in his will that his book of reminiscences on the war must not be given to the public until 1940, that it must remain a sealed book, until time will have given people a kindlier perspective as to the mistakes that undoubtedly were made in a conflict so great as the late war.

Mayor Burns presided at the service, which opened with two minutes silence, following which Capt. Hind of the Salvation Army opened with a prayer, and the hymn "Rock of Ages" was joined in with the band under handmaster Evans conducting.

A tenor solo, by Mr. Arthur Hadwell, of Bellevue, entitled "The Trumpeter" and a soprano solo by Mrs. Ashbridge, of Coleman, entitled "Nearer, My God to Thee," were especially appropriate and were given in splendid style, Mr. Evans accompanying.

The Rev. Fr. McCormick, though unable to be present, sent a letter which was read by the chairman, expressing the hope that the character and record of Earl Haig would serve as an inspiration to our Canadian manhood.

The hymn "O Valiant Hearts," followed by the closing prayer and benediction by the Rev. A. D. Currie, the sounding of "The Last Post" and the playing of the national anthem terminated the service. A collection in aid of the war memorial was taken.

Mooseheart Legion Presentation

The women of the Mooseheart Legion made a presentation of a handbag to Mrs. Bleke, one of their members; also a very interesting social was held, a few appropriate remarks being made by Bro. Tim Johnston, the successful school board candidate. The Bleke family are leaving Coleman for Nampa, Idaho, with the best wishes of the Mooseheart members.

The tennis club is holding a dance on Friday evening.

Ask any mother what Arrowroot Biscuits she prefers to give her children. The answer will be—CHRISTIE'S ARROWROOT BISCUITS. They're good for "grown-ups", too.

New Angle On Annexation

English Author Has Idea That Canada Will Annex United States

Confessing astonishment that Canadians laughed at him when he predicted the time would come when Canada would walk southward and annex the United States, Morley Roberts, English traveler and author, holds fast to his view in his book "On the Old Trail." His thesis is that a hardy northern nation will some day grow so strong in the regions south of Hudson Bay that economic pressure will force it to expand southward.

As a variation upon an old theme Mr. Roberts' prophecy is amusing and refreshing. Heretofore most of the annexation talk has run in the other direction, where it has done unnecessary harm. What Mr. Roberts says on the subject is about as sensible as what any other prophet of annexation has ever said.

After all, the proposal that Can-

ada should annex the United States is about as reasonable as the proposal that the United States should annex Canada; the one has about as much chance of taking place as the other.

If our Canadian friends laughed at the Englishman's suggestion we of the States can afford to smile with them. The realm of international politics has too little humor as it is and such a priceless opportunity for merriment ought not to be lost. Annexation is a scarerog which has sometimes been taken too seriously; it is good to have it dragged out and revealed for the ridiculous thing it is.

Aged Woman Had Queer Mania

House Was Packed With Furniture From Auction Sales

Miss Baldwin, a mystery woman of 83 years of age, who recently died at Richmond, England, lived alone in the same house for 52 years, had a mania for buying furniture, yet left no space in which to erect a bed, and had 100 hats. All the rooms were found packed with furniture and household goods, most of which she obtained at auction sales which she frequently attended.

"Miss Baldwin would change her bed several times a day," said a neighbor. "Although she had many bedsteads she never slept in bed because there was no room to erect one. She never appeared short of money, but where it came from was a mystery."

Canadian Wool Production

Production in Canada For 1927 Totalled 18,672,766 Pounds
Production of wool in Canada in 1927 totalled 18,672,766 pounds, an increase of 662,870 pounds over the 1926 production. By provinces the wool clip last year was: Prince Edward Island, 513,882 pounds; Nova Scotia, 1,490,543 pounds; New Brunswick, 873,724 pounds; Quebec, 4,956,418 pounds; Ontario, 5,326,651 pounds; Manitoba, 765,609 pounds; Saskatchewan, 987,458 pounds; Alberta, 3,033,151 pounds; British Columbia, 177,892 pounds; and Indian Reserves, 17,410 pounds.

It took a postal card, mailed by Pauline Frier 20 years ago to reach the addressee, Helen Sharp, although the card travelled only 40 miles. Miss Frier mailed the card in Boston, Ill., to Miss Sharp in McLeansboro, on February 3, 1908.

Rough Sea Captain—"I'll have you know I'm sorry on this ship!"
Recruit—"Skippy, I haven't a rope with me, old kid, but how about a game of Ring around the rosy?"

Predicts Civilization Of North

Stefansson Foresees Thriving Industries In Arctic Circle

An Arctic civilization with commerce and industry thriving in the frozen northlands was pictured by Vilhjalmur Stefansson, explorer, author and lecturer, in an address before Chicago business leaders of the Executive Club.

The march of progress has even been northward, the explorer said. At present, Stefansson said, the expansion of civilization must be on northern lands into upper Canada and Alaska. Winnipeg, he said, already handles more wheat than Chicago, Duluth and the Twin Cities combined, and western Canada will only start to grow.

Among the resources of the Arctic circle he mentioned oil, as yet undeveloped, but present in abundance, and gold, with vast acres of grazing land. The winter in the Arctic circle is only one month longer than at Winnipeg and all the activities of Winnipeg are possible there.

He pictured the cross-roads of the world in the great northern lands, with the shortest routes from Chicago, London and New York to the Orient by airplanes over the north pole.

Made King Albert Explain

Belgian King Suspected Of Being Motorcycle Thief

King Albert of Belgium lives at Laeken, the fashionable suburb of "Little Paris," as Brussels is called. He does not always drive in one of the State limousines, but frequently uses a motorcycle to go to his subjects. One morning the Brussels police were keeping a sharp lookout, an epidemic of motorcycle robberies had been reported the previous night.

King Albert came on ehag-chugging to the toll gate that separates roads from Laeken. The officials stopped him. "Your license, please," the King had to admit that he did not have any. Upon this grave and suspicious declaration he was asked to come inside the toll house and explain matters. In the course of the questioning the King was asked for his identity papers. He did not have them either but he had a letter addressed to him personally, would that, he asked. The official told him to show the letter. When he read the address the shells fell off his eyes and he started to shake and tremble all over. Needless to say, the King was allowed to proceed on his way.

Manitoba Department Of Mines

Premier John Bracken Will Be The Minister In Charge

Manitoba is to have a department of mines and natural resources of which Premier John Bracken will be the minister in charge and Prof. R. C. Wallace, of the Manitoba University, will be the commissioner. The new department will look after grants to mining institutes, assistance in assaying for prospectors, prospectors short courses, mineral exhibits, publications and industrial development, as well as power and exploratory work and natural resources.

Creation of the department was announced by Premier Bracken in the Legislature. That the Premier may be able to devote sufficient time to the new work, he will relinquish the position of minister of telephones and this probably will be taken over by Hon. W. R. Clubb, minister of public works, as an additional office.

Editor: I've fired that printer.
Assistant Editor: Why?
Editor: He put "Appearance" after Senator Hoople's speech instead of "Applause."

To keep books on shelves or in cases in good condition, sprinkle them occasionally with powdered camphor.

WORLD HAPPENINGS BRIEFLY TOLD

It is expected that the two Canadian destroyers, Champlain and Vancouver, will leave England for Canada on March 20.

It being impossible to obtain the cash from a safe in a general store at East Selkirk, thieves took the safe and the \$4,000 it contained along with them.

A government bill is to be brought down to amend the Dominion act as to provide for the establishment of additional branch offices of the department of finance for the redemption of Dominion notes.

The city of Warsaw, wishing to obtain a new loan from either British or American financiers, has decided to open negotiations for the repayment or conversion of outstanding foreign pre-war loans.

British Columbia's fight to secure equalized freight rates cost the province \$100,000, according to a statement by Hon. A. M. Manson, Attorney-General, before the public accounts committee of the Legislature.

Group Captain J. S. Scott, M.C., A.E.C., director Royal Canadian Air Force, is resigning his post as director of life. It is said that the former director is to enter a financial company in Ottawa.

A gain of almost \$100,000,000 in exports to Canada was one of the most striking showings made by United States Commerce Department statistics on the foreign trade of 1927.

Across Canada Flight

Royal Air Force Pilot Will Attempt Non-Stop Flight From Vancouver To Halifax

After flying a lone 7,000-mile air trail from England to India, the ever accomplished solo in a light aeroplane, Denis M. Rooke, late Royal Air Force pilot, is now in Canada seeking further adventure, and will shortly attempt to fly the Dominion, from Vancouver to Halifax, in one hop.

Rooke, who is now visiting Montreal, is leaving for New York to test the endurance powers of a new engine which is being installed in a Waco Ten light aeroplane. He hopes to fly the plane across the continent to San Francisco in one non-stop flight, afterwards flying to Vancouver for a take off on his non-stop flight across the Dominion.

Students Display Ignorance

Four In Arkansas University Did Not Know Who Lindbergh Was
Four freshmen in the University of Arkansas do not know who Charles A. Lindbergh is.

One of them thinks he was the Prime Minister of Sweden during the fifteenth century; one thinks he was a German general in the World War; one thinks he is the leader of the Bolsheviks in Russia; while the fourth understands Lindbergh was the battle line that the Allies had such difficulty in breaking through in 1918.

These answers were found among papers handed in at a quiz in a freshman history course at Fayetteville, recently.

Withered flowers can be revived by placing them in water containing one-quarter of a grain of aspirin.

The United States issued one-cent pieces every year from 1793 to date, except 1816 and 1923.

Intense Pains in the Back This remedy gave great relief

Recommend it to hundreds

Wm. Hollis, Birmingham, England, writes: "I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief. I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief. I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief."

"I had great relief from kidney trouble after using Glen Pilla. I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief. I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief."

"Thanking you and Glen Pilla for the relief given me and some of those who recommended them to me. I have been a sufferer from intense pains in the back, caused by deranged kidneys. Glen Pilla was recommended to me. I tried it and it gave me relief."

If you have vertigo in the back, swollen feet or hands, brick dust deposits, constant headaches, failing appetite, suppressed or too frequent urination or feel dizzy, look to your kidneys. Deranged kidneys lead to scurvy, rheumatism, indigestion, backache, urinary troubles, bago and other painful maladies. Get a box of Glen Pilla at once. 60c at all druggists. National Drug & Chemical Company of Canada, Limited, Toronto, Canada.

SUNDAY SCHOOL LESSON

FEBRUARY 19

TWO MIRACLES OF POWER

Golden Text: "Who then is this, that even the wind and the sea obey Him?"

Lesson: Mark 4:35-5:20.
Devotional Reading: Psalm 104: 1-8.

Explanations and Comments

I. The Storm, 4:35-37.—On the day that Jesus spoke many parables (our text), he said at evening to his disciples, "Let us go over into the other side," for he would escape the multitudes and rest. They took him with them in the boat, even as he was. What an insight into the humanness of Jesus that little phrase—even as he was—gives us! The day had even so taxed His physical strength, and He was tired out. He needed rest even as do we. The boat had been his pulpit, and when his discourse was ended the disciples set sail from the shore, he sank down in the stern and fell asleep.

"What strikes us here is that he has learned to relax—to use the language of today. No sooner was His work done, than He composed Himself to sleep, and as comfortably as possible. He used the cushion as His pillow. Some people break down because they have never learned to relax. Their work done, they cannot rest. Their minds are still busy. If we are to work to the full, we must learn to drop the yoke swiftly and to rest with both mind and body. Jesus is an example in this also."—H. C. Gillie.

Whistling there' arose a great windstorm, and drove the waves into the boat so that it began to lurch. There have been many sudden and violent storms on the Sea of Galilee.

Weighing the Earth

By means of some complicated instruments in Washington the earth can be weighed. The long accepted figure for the weight of the earth has been 6,660,000,000,000,000,000 tons. Weighed more recently it is discovered that the earth is lighter than had been supposed. It weighs at only 6,653,000,000,000,000,000 tons. Does that mean anything to you? At least you can rest your mind a little when you have been worrying about our income or other small figures.

Peace River Country
Premier J. E. Brownlee declared here that in the Peace River country there were at least 12,000,000 acres of the finest wheat-growing soil, easily capable of the production of 180,000,000 bushels of wheat a year, which is not much less than the production of Alberta last year. This year the Peace River country produced 9,000,000 bushels of wheat from 300 acres under cultivation, the yield acre being unusually heavy.

Personal and Local

A sale of work and pantry sale will be held at the Salvation Army Citadel on Sat. Feb. 18, at 11 a.m.

A branch of the Ordine Indipendante Fiore D'Italia has been organized at Cranbrook, known as Christ otero Colombo Loggia No. 14.

G. R. Powell, registered optometrist, will adjust your eye troubles or fit glasses. If your eyes are troubling you call at the store for examination.

The Chairman—Race for crossing between motor car and train which ends in a tie is awarded to the train. Death has the casting vote.

The Rebekah Lodge weekly social every Saturday evening continues in popular favor. Last Saturday evening the prize-winners in the whist games were Miss M. Gillespie for the ladies and J. Korman for the gents, the consolation prizes going to B. Jackson and C. Groat. These socials will continue till further notice, and the public are cordially invited.

A bridge party and dance is being held this evening by the Masonic Lodge.

Mr. D. Davidson has returned from Vancouver greatly in health. His son Blith returned with him.

Mayor Burns is attending the meeting of the provincial grand lodge of the I O O F. being held at Edmonton.

Miss Mary Kilgannon, of the nursing staff at Basano municipal hospital, recently underwent an operation there and is making steady recovery, according to word received by her mother here yesterday.

Miss Florence Cox, graduate of the Jean Carroll School of Beauty Culture, Calgary, will do marcelling, etc., in the evenings and on Saturdays by appointment at Mrs. W. G. Fraser's. Phone 295D.

Messrs. A. B. Steeves and W. A. Vaughn had the honor of making the first auto trip of the season between Blairmore and Fernie, and did it by Ford on February the 1st.—Blairmore Enterprise.

The Eastern Star chapter will hold a tea and handkerchief sale from 3-6 p.m. on Tuesday, Feb. 21, at the home of Mrs. F. G. Graham. The charge will be 25c.

Mrs. S. Howarth underwent a serious operation in the Miners hospital last Wednesday night for appendicitis and other complications, and is now making satisfactory progress.

Miss Hilda Fairhurst, who is in training as a nurse at Lethbridge hospital, underwent a minor operation this week, and is reported to be making satisfactory progress. Her father went down to visit her for a few days.

Since W. J. McGrath opened his barber shop last summer, business has increased to such an extent that he has found it necessary to install another chair and engage the services of another barber, Mr. J. Walker arriving this week from Calgary.

The sharp crack of a revolver shot in the vicinity of the town hall on Tuesday morning caused people to wonder what was happening, as Chief Houghton was seen to emerge immediately after from a small building at the back. At first some thought he had run a desperado to earth, but in response to enquiries it was learned that a troublesome canine had been sent to the happy hunting grounds.

The bridge party held last Friday evening under the direction of the Women's Institute, was attended by over sixty people. The prizes were won by Mrs. J. Emmerson, Miss Dorothy McKay and the consolation by Miss Mercer, the gents' prize going to Hubert Clark, with a score of around 2500, R. F. Barnes and the consolation to Mr. Nacko. A very nice lunch was served at the conclusion of play, and the ladies are to be complimented on the success of the evening.

"Beau Sabreur" at the Palace

The Palace theatre is to be commended for its enterprise in bringing in good pictures, the attraction for this week-end being "Beau Sabreur," the sequel to "Beau Geste," which was so favorably received everywhere it was shown. In order to enable the children to attend, a matinee will be held on Saturday afternoon at 2 o'clock, the admission being 10c for the children.

Tuxis Boys Hosts to Fathers

(Continued from Page One)
Last, the toast to "The Mothers" was proposed by Mr. Hoyle, tendering a vote of thanks for their assistance in providing the menu for the evening, which was responded to by Mrs. Dunlop.

A fine baritone solo was given by Mr. Hayson, entitled "Anchored," with organ accompaniment by Mr. Emmerson, and a very enjoyable evening closed with the singing of "Auld Lang Syne."

Dance In Aid of Swimming Pool

In order to boost the funds of the swimming pool committee, for the operating of the pool during the summer, a dance will be held in the K. P. hall on Monday evening, to which the public are cordially invited.

Donations to War Memorial

Mr. Peter Smith, secretary of the Canadian Legion, acknowledges the following donations towards the War Memorial: \$3.50 from the Next of Kin association, proceeds from dance, and \$2.00 from H. H. Partington.

CLASSIFIED ADVTs.

Made by the
Coleman Bakery

You May Have NORMAL VISION But it is Very Unlikely!

Scarcely any person in these days of much reading and other forms of near eye work but would be better for the help that glasses give.

The too constant use of the eyes for above work causes a strain that nothing but glasses will relieve and no glasses but the exactly correct ones will do. We can fit you with them.

G. R. POWELL
Registered Optometrist.
